Professional Experience

Middle Frontend Developer, Wandry

07/2025 – Present

- Built and maintained cross-platform **web applications** using **React (Next.js)** and **Vue (Nuxt.js)**.
- Optimized performance with **code splitting**, **lazy loading**, and **component-level caching**, improving load times and reducing bundle size.
- Integrated **RESTful APIs** via **Node.js** and **Express**, enhancing data flow and backend communication.
- Enforced code quality through **ESLint**, **Prettier**, and regular **code reviews**.

Junior Frontend Developer, Fernir

01/2024 – 07/2025

- Implemented secure **authentication and authorization** systems using **JWT** and **OAuth2**, including refresh tokens and route protection.
- Set up and maintained **CI/CD pipelines** using GitLab, streamlining deployments and quality checks.
- Led the development of 3+ internal and client-facing projects, delivering on time and meeting all quality requirements.
- Introduced and maintained **unit and e2e testing** with **Vitest** and **Playwright**, increasing test coverage to **85%**.
- Collaborated closely with product and design teams to deliver pixel-perfect, responsive UIs.

Freelance Software Engineer

2023 – 2024

- Implementing new UI features and improving existing components for better user experience.
- Enhancing UI accessibility and responsiveness using Tailwind CSS, SCSS, and modern design principles.

Education

IT STEP Computer Academy, Bachelor's degree

09/2019 – 07/2024 | Odesa, Ukraine
